

## **STATEMENT OF PURPOSE**

### **RS21604**

Section 37-2730A, Idaho Code, allows the Board of Pharmacy to provide unsolicited controlled substances database information to pharmacists and practitioners. The Board proposes that pharmacists and practitioners should have statutory authorization to provide such unsolicited information to other pharmacists and practitioners.

## **FISCAL NOTE**

The Board has obtained a federal grant to create a software program to facilitate such provision of information, the cost of which is estimated at \$20,000.
